

ASX ANNOUNCEMENT

27 August 2020

Respiri Partners with Carlton Football Club AFLW Team

Respiri Limited (ASX:RSH) (“Respiri” or the “Company”), an eHealth SaaS Company supporting respiratory health management, is pleased to announce a partnership with the Carlton Football Club AFLW for 2021 season.

The partnership announcement will see wheezo™ supported by the Carlton Football Club AFLW team and bring awareness of the importance of asthma management to the forefront of the community. The AFLW has grown to be one of the largest female supported sports in Australia, with over 4.1M fans nationwide. The Carlton AFLW team is a foundation club in the growing AFLW competition and in 2019, set a record for domestic women’s sport in Australia, with over 53,000 in attendance¹.

Carlton Football Club CEO, Cain Liddle welcomed the partnership. “wheezo is about improving health management for people living with asthma and the company’s philosophy perfectly aligns with the Carlton Football Club and our AFLW program. We look forward to having wheezo as a significant partner for our football club moving forward as we work to grow women’s football.”

Respiri sees community as one of its core values which is why the decision to partner wheezo with the Carlton Football Club and the AFLW was a straightforward one commercially for the business.

Marjan Mikel, Respiri’s CEO, commented: “We are excited to partner with Carlton Football Club and their AFLW team which has an established community presence and shared health and wellness values.”

This ASX announcement dated 27 August 2020 has been authorised for release by the Board of Directors of Respiri Limited.

About Respi Limited

Respi is an e-Health SaaS company supporting respiratory health management. Its world-first technology detects wheeze, a typical symptom of asthma, COPD and respiratory disease to provide an objective measure of airway limitation. wheezo, Respi's innovative technology, comprises an eHealth app combined with a simple, easy to use, handheld device. wheezo is the first smart device to help improve asthma management by monitoring wheeze and documenting symptoms, signs, triggers, weather conditions and medication use. The asthma management platform also facilitates the sharing of data with caregivers, physicians and other health care professionals.

Respi's mission is to help improve quality of life for hundreds of millions of children and adults around the world and dramatically reduce hospital admissions and the economic burden of asthma. Respi Limited's operations are based in Melbourne, Australia.

For additional information about Respi and its products, please visit www.respi.co

About wheezo

Developed in Australia, with the support of respiratory specialists and other healthcare professionals, the innovative wheezo device analyses breath sounds for wheeze, and the eHealth App assists patients with managing their asthma by tracking symptoms, triggers, medication use and geo-specific weather conditions. The platform has been designed to extend asthma management beyond the clinic and make it easy to share information with doctors and make appropriate adjustments to asthma action plans. Better active management may lead to better outcomes and improved quality of life for the asthma patient.

About Carlton Football Club

The Carlton Football Club is acknowledged as one of Australia's pre-eminent sporting institutions. It is also one of the world's oldest, having been founded in 1864 when a group of prominent Carltonians first convened at the University Hotel on Lygon Street.

Known to the multitudes as "The Mighty Blues", Carlton is synonymous with success. Its illustrious history is punctuated with Premiership glory – 16 Grand Final victories in all – since its acceptance into the newly-established Victorian Football League (now Australian Football League) way back in 1897. The Club's \$20 million state-of-the-art training facility, headquartered at Ikon Park (formerly Princes Park), is where the legendary Carlton captain John Gardiner, in proposing a toast to officially open the ground in 1897, boldly and rightly declared "We're here to stay".

Forward Looking Statements

Certain statements made in this announcement are forward-looking statements. These forward looking statements are not historical facts but rather are based on Respi current expectations, estimates and projections about the industry in which Respi operates, and its beliefs and assumptions. Words such as "anticipates," "expects," "intends," "plans," "believes," "seeks," "estimates," "guidance" and similar expressions are intended to identify forward looking statements and should be considered an at-risk statement. Such statements are subject to certain risks and uncertainties, particularly those risks or uncertainties inherent in the process of developing technology and in the endeavour of building a business around such products and services. These statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and other factors, some of which are beyond the control of Respi, are difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward looking statements. Respi cautions shareholders and prospective shareholders not to place undue reliance on these forward looking statements, which reflect the view of Respi only as of the date of this release. The forward looking statements made in this announcement relate only to events as of the date on which the statements are made. Respi will not undertake any obligation to release publicly any revisions or updates to these forward looking statements to reflect events, circumstances or unanticipated events occurring after the date of this announcement except as required by law or by any appropriate regulatory authority.
